**DECLARATION OF CHRISTOPHER O. MILLER**

I, Christopher O. Miller, declare under penalty of perjury that the following is true and correct and based upon my personal knowledge:

1. I am an attorney at the law firm of Amundsen Davis, LLC. I am submitting this declaration in support of Plaintiffs' Motion for Class Certification in the above-entitled action. I am a member in good standing of the Missouri Bar and have never been the subject of any disciplinary proceeding. I am also licensed to practice law in the State of Illinois; and am a member of the Bars of the United States District Courts for the Eastern District of Missouri, Western District of Missouri and Southern District of Illinois.

2. I am a 2017 graduate of Washington University Law School, where I received my Juris Doctor degree. I was admitted to the Missouri Bar in 2017 and the Illinois Bar in 2018.

3. I have served as lead counsel and co-lead counsel for plaintiffs in numerous cases involving claims for damages under Missouri Merchandising Practices Act (MMPA), including:

*McGuire v. Build STL-MO LLC, et al.*, cause no. 23SL-CC01425; *Haley v. Orkin et al.*, cause no. 20SL-CC03626; *Pace v. Elastizell of St. Louis, Inc.*, cause no. 20SL-AC18180; *Heying v. United Carpet Company, Inc., et al.* cause no. 1711-CC01141; *Snow v. Dwight's Truck Repair Two, LLC*, cause no. 1831-CC00176; *Hayes v. Sanford Talley et al.* cause no. 18SL-CC03982; *Barnidge v. B. Raines & Associates et al.*, 2122-CC00528; *Pace v. James Fowler Contracting, LLC et al.*, cause no. 20AB-CC00102; and *Crosby v. K9 Kamp Dog Training, LLC*, cause no. 2011-CC00520. My work in these cases has included successfully argued dispositive motions, negotiated favorable pre-trial settlements, and proceeding to trial when necessary.

4. I am admitted *pro hac vice* in the United States District Court for the Central District of California and represent the Plaintiff in a pending lawsuit involving alleged violations of the RICO Act, copyright infringement, and fraudulent inducement. *See Donald Wakefield v. Olen Properties Corp. and Igor Olenicoff*, 8:21-CV-01585-CJC-DFM.

5. Amundsen Davis, LLC is an AV-rated law firm which began operating November 1, 2022, following a consolidation between firms formerly known as SmithAmundsen, LLC, and Davis & Kuelthau, S.C. The firm's focus includes complex civil litigation, including class action litigation.

6. The firm and I are familiar with the laws applicable to this case and with the federal and local rules. We are prepared to prosecute this case on behalf of the Plaintiffs and the putative class and to dedicate the resources necessary to do so.

7. I began investigating this case against Torch Electronics, LLC and the other defendants in the summer of 2022, including by obtaining public records from governmental bodies to identify locations of Torch's slot machines; reviewing published media about the defendants' operations and illegal slot machines at issue dating back to 2018; reviewing publicly

available court documents in ongoing and concluded litigation involving the defendants or illegal slot machines in question, (including but not limited to, those filed in Missouri courts numbered 20SL-CC0300, 21AC-CC00044, 20CF-CC00025, 22L6-CR00087, 20SL-CC03002, 20LI-CR00411, 2131-CC00764, 19AE-CR00948, 21AE-CC00070, 20LI-CR00410, 20AW-CR00562, 20LI-CR00412, 19CF-CC00065, 22AR-CR00180, 22NW-CR01154, 2131-MC00374, 20AB-MC00215, 22NW-CR01156, 22NW-CR01157, 22NW-CR01153, 22CM-CR00884, 22NW-CR01228, 22NW-CR01158, 22BR-CR00290, 22NW-CR01159, 21-AE-CC00076, 2131-MC00375, 20AB-CR03465); reviewing reports filed with the Missouri Ethics Commission showing campaign and other political contributions from the defendants; reviewing materials published on the website of the manufacturer of the slot machines, Banilla Games, Inc.; driving through various counties throughout the State of Missouri to identify locations where the slot machines are operated; performing extensive legal research of the federal RICO Act, Missouri Merchandising Practices Act (MMPA), §§572.010-572.125 RSMo. establishing gambling-related criminal offenses, and §434.030 RSMo. authorizing the recovery of money lost gambling; communicating with all of the named plaintiffs about their experiences with Torch's illegal slot machines; and working with co-counsel to develop and analyze various legal theories and claims to allege in this lawsuit, culminating in the preparation of our complaint on behalf of the plaintiffs.

8. Attached and marked as **Exhibit 1** is a true and accurate copy of a 13-page application submitted by Torch Electronics to the St. Louis County Department of Revenue on or about December 23, 2021, identifying the location, software and serial number of approximately 380 slot machines Torch operates in St. Louis County. I obtained the application through my investigation as a response to a request for public records.

9. Attached and marked as **Exhibit 2** is a true and accurate copy of a 5-page

application submitted by Torch Electronics to the St. Louis County Department of Revenue on or about July 31, 2020, identifying the location, software and serial number of approximately 113 slot machines Torch operates in St. Louis County. I obtained the application through my investigation as a response to a request for public records.

10. Attached and marked as **Exhibit 3** is a true and accurate copy of a 4-page application submitted by Torch Electronics to the St. Louis County Department of Revenue on or about December 27, 2018, identifying the location, software and serial number of approximately 120 slot machines Torch operates in St. Louis County. I obtained the application through my investigation as a response to a request for public records.

11. Attached and marked as **Exhibit 4** is a true and accurate copy of a photograph I took on February 19, 2023, of five (5) slot machines displaying Torch Electronics stickers at 5114 Old Lohman Rd., Jefferson City MO 65109.

12. Attached and marked as **Exhibit 5** is a true and accurate copy of photographs I took on February 19, 2023, of eight (8) slot machines displaying Torch Electronics stickers at 301 Ellis Blvd., Jefferson City MO 65109.

13. During the course of my investigation, I also discovered the following statement published via Twitter by a spokesperson for Torch Electronics, Gregg Keller, on November 6, 2019:

Torch has innovated their way to a better mousetrap, one that's perfectly legal. Jeff City bureaucrats see that and, being bureaucrats, seek to crush them via regulation and bogus enforcement.

**Scott Charton** @ScottCharton

"I think some clarity needs to be brought to the whole question of what is a slot machine." Absent such clarification from courts or #moleg, one can argue they are legal until further notice, albeit in disfavor with certain frustrated officials. stltoday.com/news/local/gov...

14. I am aware that Mr. Keller is a spokesperson for Torch Electronics because he has been quoted as such on the record by multiple news publications in recent years.<sup>1</sup> My understanding of Mr. Keller's role was reinforced by an article published by the Missouri Independent just a few days ago, which referred to him as "Torch's longtime spokesman."<sup>2</sup>

15. Attached and marked as **Exhibit 6** is true and accurate copy of a Probable Cause Statement executed by Brookfield Police Officer Tom Bunnell on December 14, 2019 in connection with a criminal prosecution in the Circuit Court of Linn County which describes the seizure of three (3) slot machines operated by Torch Electronics at 542 S. Main St., Brookfield MO, 64628, and a report from the Missouri Gaming Commission showing that one of the slot machines had a lifetime play of approximately \$180,062. I obtained a copy of the Probable Cause Statement during my investigation into court filings relating to the defendants' and their slot machines. This Probable Cause Statement was filed as part of a lawsuit captioned *Torch Electronics, LLC v. Dan Patterson*, case no. 2131-CC00764. The lawsuit has since been

16. Together with co-counsel, we will use our resources in representing the class, including not just our financial resources but the time and willingness to communicate with the absent class members to enable all of the class members to feel and be represented in a class action that may deeply affect their lives and their family's finances.

17. If appointed class counsel, we intend to provide notice to absent class members in a variety of ways, including:

- a. Establishing an internet website dedicated to the class action, designed for Search Engine Optimization (SEO), which is the use of keywords and other techniques designed to maximize the likelihood of that a class member using a search engine to research Torch and slot machines in Missouri would find the class action website. The website would provide a description of the case and would be set up to encourage visitors who believe that they may be part of the class to enter their contact information, including names, mailing address, and email address.
- b. Placement of signs at each location where Torch devices are hosted, providing a brief message and information linking to the class action website, both in the form of a URL and a QR-Code stating, in substance: "A class action has been filed on behalf of consumers of these video gaming devices. If you have lost money playing these devices, please visit the following website for more information about the case."
- c. Placement of internet ads keyed to keywords such as, "Torch Electronics," "Torch Gaming," "Missouri Slot Machines," "Missouri gas station slots,

and the like, which would lead to a similar message to the signs.

18. We have secured the following domain for providing class notice subject to the Court's approval:

[www.torchslotsclassaction.info](http://www.torchslotsclassaction.info)

19. If appointed class counsel, we intend to develop a contact list for potential class members by encouraging them to enter their information on the website or through direct contact with a lawyer at either class counsel law firm, responding to those individuals with additional information about the class action, and requesting that the potential class members inform family members and friends whom they know play the Torch devices to visit the website and enter their information as well.

20. Due to the time necessary to build a comprehensive list of potential class members in this manner, providing adequate notice to the class would benefit from the court granting early class certification, as this will allow more time for the assembly of a more complete list of potential class members.

The foregoing statements are all true and correct to the best of my personal knowledge and belief, and are made subject to the penalty for perjury under 28 U.S.C. § 1746.

**PROBABLE CAUSE STATEMENT**

STATE OF MISSOURI )  
 ) ss.  
 COUNTY OF LINN )

Date: December 14, 2019

I, Tom Bunnell, an officer with Brookfield Police Department, knowing that false statement on this form are punishable by law, state that the facts contained herein are true:

1. I have probable cause to believe that on 09-12-2019 at 542 S Main St., Brookfield MO, TORCH ELECTRONICS, LLC, committed one or more criminal offenses.

2. The facts supporting this belief are as follows:

On 09-12-2019 at 0914 hours, Officer Billy Stroud and I made contact with County Line Convenience store manager Tannis Williams in reference to the store promoting illegal gambling with three illegal slot machines. Williams filled out a Permission To Search form and we removed the 3 slot machines and transported them to the Brookfield Police Department evidence garage where the slot machines were secured. Williams advised me that the slot machines belonged to Torch Electronics. On a prior trip to the store, I had been advised by a male employee that a customer puts cash into the machine and if they win, they receive a ticket. The customer gives the ticket to the store employee who pays the customer the winnings.

On 11-04-19 Missouri Gaming Commission employees examined one of the devices seized from Prenger's Food. The device contained \$38.00 in US currency. The Gaming Commission employees completed a report which indicated the device had a lifetime total play of \$180,062.00.

On appearance, the gaming device appears to meet RsMo 572.010 (5) "Gambling device",

any device, machine, paraphernalia or equipment that is used or usable in the playing phases of any gambling activity, whether that activity consists of gambling between persons or gambling by a person with a machine..." RsMo 572.010 (11) "Slot machine", a gambling device that as a result of the insertion of a coin or other object operates, either completely automatically or with the aid of some physical act by the player, in such a manner that, depending upon elements of chance, it may eject something of value. A device so constructed or readily adaptable or convertible to such use is no less a slot machine because it is not in working order or because some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion or workability. Nor is it any less a slot machine because apart from its use or adaptability as such it may also sell or deliver something of value on a basis other than chance;" RsMo 572.010 (12) "Something of value", any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge;"

It appears Torch Electronics, LLC is in violation of RsMo 572.030. Promoting gambling "knowingly advances or profits from unlawful gambling or lottery activity".
